Summary

So here's yet another inlay for the Scythe Legendary Box! The other ones available are all nice but I had some small issues with each of them so I decided to use them as inspiration and design my own.

It fits the base game, all expansions, all promos, extended board, and the modular board.

For the Resources I used the awesome ones by Srifraf (<https://www.thingiverse.com/thing:2738575>).

The Resource Box is byNickNitro (<https://www.thingiverse.com/thing:3048862>).

The Coin Holder I used is by Fringe (<https://www.thingiverse.com/thing:2551923>).

The rest is done by me and made to incorporate the boxes above while filling out the box most efficiently.

I built the player boxes with foamcore but included files so you can print them.

Playerbox: These hold all tiles for each player including the combat dials. Print 8 of these.

Playerbox RoF: This is for one of the Rise of Fenris factions. Print one.

Combat Cards: This holds Combat Cards, Objective Cards and Resolution Tiles. Print this one with Supports, the Coin Box will fit right underneath.

Airship Tiles: This one holds all Airship tiles and fits underneath or on top

of the Resource Box.

Encounters: This one holds Encounter Cards, Factory Cards, Helper Cards and the Building Goal Tiles.

Encounters_v2: This one also holds the additional structure bonus tiles from modular board expansion and has been optimized for faster printing.

RoF Box: This contains all tokens, tiles and pieces from the Rise of Fenris expansion. No picture included for spoiler reasons.

All of them fit sleeved cards.
